

# Changing the paradigm in

*Filip Húšťava*  
Data policy department

# Bratislava today

- New mayor from 12/2018  
city activist, architect, musician

**Ing. arch. Matúš Vallo**

- Plan Bratislava
- Team Vallo in city parliament
- New view on public service
- Open style of communication

# Bratislava today

- Significant transportation projects in progress
- Challenges in coordination with city districts parliaments
- Transforming city administration
- Changing the nomination process to leading positions in city companies

# Bratislava on the way to the future

- AI – considering deployment in sustainability and land mapping projects, pilot project – traffic camera measuring
- Blockchain technology – App for Regional Integrated Transportation
- Reviving of Bratislava City Card
- Preparing city app – communication and participation
- Adopting best practices from other cities

# Bratislava on the way to the future

## Cities Coalition on Digital Rights

- first international promise/framework for future decisions
- Joined in 04/2019

# Bratislava in (2030) the future

- Open – opendata, transparency
- Smart – processes, technology
- Cooperative – serve/cooperate with stakeholders not govern them
- ECO, citizens, other cultures – friendly city good for living

Verím, že dokážeme  
**spoločne** zmeniť Bratislavu

*I believe we can change Bratislava* together

Thank you for your attention ...
